

B+ is our New Generation of Semi-Automatic Hinged Landing Doors.

This latest heavier duty model is manufactured using state of the art foam injection moulding. Mechanical strength to meet pendulum tests, while reducing the overall weight of the door giving dual benefit to passengers and installation engineers.

Door weight comparison (based on clear opening of 800 x 2000 mm):

Original Global model: 82kg

B+ model: 65kg

Acoustic dampening particularly beneficial in residential settings.

Doors can be fire rated (depending on finish & options)

Landings can be coupled with Prime Folding, Automatic Sliding & Slim 50/11 Car Doors
